

Frank Mouritz

The Influence of Economic Interdependence on US-China Relations

An Analysis of Economic
Incentives for Continued Cooperation

International and Security Studies, vol. 9

2021. 150 pp. Pb.
29,90 € (D), 30,80 € (A)
ISBN 978-3-8474-2516-8

US-China tensions over global supremacy escalated over the last years, increasing the likelihood of a future conflict. However, open conflict would have costly consequences for both sides due to the countries' deep economic interconnectedness. Against this backdrop, the book addresses the question how high the incentives for both sides are to avoid conflict and continue cooperation out of economic considerations.

Author:

Dr. rer. pol. Frank Mouritz
is Research Fellow at the Bundeswehr University Munich and Academic Coordinator at the George C. Marshall European Center for Security Studies, Garmisch-Partenkirchen, Germany.
